Reported.

JOAN BERNARD Y CORDOVA. Federal commander at Ojinaga, would probably be sent to Mexico City at once to appear before a military commission to give reasons why he failed to hold the town against the Villa force.

Twelve hundred troops will be sent to Villa Ahumada tomorrow, where they will take the field in pursuit of Villa, reported in the vicinity of Escobedo, seventy-five miles south of Ojinaga.

An official investigation made late today of the defense conducted at Ojinaga by Gen. Bernand y Cordova revealed the fact that they had less than 1000 rounds of rifle ammunition and no machine-gun ammunition left when they abandoned the border town and fled to the American side at Presidio. This fact, coupled with the reports made to American officers by the two American deserters, Lawrence and Kearns, who operated the Federal machine gun, may absolve the general and his staff from blame in connection with the capitulation of Ojinaga before the Villa assault.

There were 3500 troops in the garrison here tonight, of which a force of 1200 will leave early tomorrow as an expeditionary column against Villa, to be followed by others during the day. Villa was reported in the vicinity of Escobedo, southwest of Cuchillo Parado.

LONDON NEWSPAPER LECTURES VATICAN.
"MORNING POST" BLAMES IT FOR PROPAGANDA AIDING ITALIAN REVENUES.

LONDON, Nov. 23.—The Morning Post of today is accused in an editorial in the Morning Post of being implicated in the propaganda which the newspaper says is largely responsible for the recent Italian reverses. Reviewing what it describes as Vatican machinations, the Post declares that its political activities during the war "can be no sophistry but regarded as consistent with the principles of the Vatican."

"From the beginning," says the Post, "the Vatican has leaned to Austria's side and lately has furnished active assistance to the Austrian cause."

The newspaper calls on the British government to look into the matter and demands that the Vatican declare definitely on which side it stands.

AUSTRIAN FLANK DRIVE CHECKED BY ITALIANS.

Great Encircling Attack is Repulsed by Roman Defense Troops.

ROME, Nov. 23.—A great encircling attack was attempted yesterday by the Austro-German forces against Monte Meletta, but the Italians held all the positions, it was announced today by the War Office.

Throughout yesterday the Teutons attacked the Italian positions between the Brenna and Piave rivers. Several positions were lost, more than once, the statement adds, but all were retaken.

Toward evening the last Italian counter-attacks definitely stopped the Austro-Germans.

"On the Asiago plateau the enemy directing his forces from the north onto the Monte Tonduscaro. Monte Badenech front and from the west toward the front of Monte Castelbello-Caserta-Meletta. A flank movement against the point of vantage, the Meletta."

The action which was preceded by a heavy bombardment by tear-producing shells, was made with extreme violence by large enemy forces, which were continuously repulsed by the Italian forces.

"The fighting today between the Piave and Brenta rivers, while heavy, brought no material change in the positions of the opposing forces."

BERLIN REPORTS GAIN. Fighting is progressing favorably for the Austro-Germans in the Italian mountains between the Brenna and Piave rivers, says the official statement issued today by the German Staff.

"The communication follows: 'In the mountains between the Brenna and the Piave there has been fighting which is progressing favorably for us.'"

BRITISH PRESS FORWARD IN RENEWED ATTACKS.

Tremendous Fighting at Cambrai to Drive Germans Out of France. Scores of Guns Captured.

BRITISH ARMY HEADQUARTERS IN FRANCE, Nov. 23.—The British renewed their attack on Fontaine and are still holding the ground between Canting and south of Fontaine. It is unofficially estimated that several score of guns have been captured.

LONDON, Nov. 23.—The British War Office statement tonight reports satisfactory operations against the Germans on the Somme front. The text reads:

"Operations continued today against the enemy's positions west of Cambrai. The latest reports show they are developing satisfactorily. The hostile artillery has shown great activity today in the neighborhood of Paschendaele."

BERLIN, Nov. 23.—The supplementary report issued this evening follows:

"It is reported from the battle front that a renewed attempt of the English to break through southwest of Cambrai was shattered with most severe losses for the enemy."

"In the eastern war theater there have been no operations on a large scale."

BY ARTHUR S. DRAPER. (BY DIRECT WIRE—EXCLUSIVE DISPATCH.) LONDON, Nov. 23.—Desperate fighting is going on at several points along the new British front near Cambrai, where Gen. Byng is attempting to extend his gains and reach a decisive issue.

The British have consolidated their gains and Marshal Haig reported tonight the depositions against the enemy's reserves are developing satisfactorily. Tadpole copes, an elevation west of Moeuvres, has been taken.

There also has attacked at another point of the line, and his line southeast of the Ypres has been advanced slightly. No details of this new operation have been received. It is unofficially reported that the number of captured guns scattered about

the fifty square miles of territory just conquered at Cambrai amounts to several score.

BITTER ENGAGEMENTS. Bitter struggles took place today between the victorious British and fresh German troops at Moeuvres village, just south of Bourlon woods, west and southwest of Cambrai, and at Crescourt, south of Cambrai. The British are across the Scheldt Canal at the latter place.

The Berlin night official statement said a renewed attempt of the British to "break through" southwest of Cambrai had been shattered and Byng's men had sustained severe losses.

The earlier German communique, detailing yesterday's fighting, told of hand-to-hand fighting on both sides of Fontaine, just west of Cambrai. The British yesterday admitted this place had been recaptured by

HAIG ADVANCES HIS LINE AT TWO POINTS IN WEST.

Victory at Moeuvres Gives the English Command of Terrain in Front.

BRITISH ARMY HEADQUARTERS IN FRANCE, Nov. 23.—The British and the German forces last night wrested on their arms along most of the new battle front after three days of determined conflict. Hard local fighting continued at some points, notably in the vicinity of Crescourt, Moeuvres and Bourlon Wood, but for the most part the British were engaged in consolidating work and the Germans gave little trouble in the way of counter-attacks.

It appears that the British early today drove back the enemy at an elevation just west of Moeuvres, known as Tadpole Copse. This hill dominates a large section of the Canal du Nord, running east of Moeuvres, and to a large extent the village itself, which still is in German hands.

There has been no further change at Fontaine, where the Germans yesterday delivered a heavy counter-attack, and compelled the British to withdraw from the village to a position a little south of it. The fighting at Fontaine was at close quarters and particularly bitter.

This morning the Germans in the eastern part of Crescourt village were maintaining intense machine-gun fire against the British in its western portion.

Rain fell last night, and today dense, low-hanging clouds were letting down a steady drizzle which made aerial observations difficult. Notwithstanding this handicap, both the British and German armies were operating at exceedingly low altitudes along the battle line.

The enemy's airplanes were especially active in the region of Bourlon Wood. No announcement has been made of the amount of material captured by the British, but great quantities of war stores are shown over the battle area and among the booty are numerous guns.

The total of prisoners so far counted still remains somewhere between 8000 and 9000.

Two Big Games Scheduled for Today; Manual Wins City Title and Poly Springs Surprise

Trojans Will Meet Marines.

Locals Base Hopes on "Cap" Frank Malette.

Big Johnny Beckett Leads the Service Squad.

More Island Men are Best on the Coast.

A football team reputed to be the strongest ever lined up on the Pacific Coast, and a bunch of scrappy college youngsters, who have demonstrated that they know the tank apart from their angle, will mix in a battle royal at Washington Park this afternoon. The competing factions are the famous More Island Marines and the University of Southern California Trojans.

Everyone agrees that the Trojans have a man's job on their hands, while the Marines absolutely refuse to let anything about the possible outcome of the battle. It will be a case of lightness and speed against weight, since the More Island natives stack up fourteen pounds more to the man than the Crimson. And this figure only stands when little "Tank" Campbell, the 215-pound Trojan guard, is in the line-up. When Campbell falls by the way, the individual average slumps several pounds more.

The U.S.C. Freshmen will be on the sidelines ready to dash into the fray should Cap Malette and his worthies experience difficulty in stemming the onslaught of the massive visitors. If "Habit" Malette can manage to get loose, the Trojans will stand a show, but if the interference of the local boys is not of the best quality, little "Habit" has an ideal chance of being easily ruled by the hard-tackling government men when he cuts loose on one of his famous dashes.

Light practice at Washington Park, a short call at U.S.C. and a visit to movie town to see Douglas Fairbanks and Mary Pickford in the new picture, "The Sign of the Cross," for the Marines. Mary was so pleased with the visit that she has decided to attend the game today. In the afternoon they attended the Manual-Los Angeles High game.

Marines Chosen for New Year's.

That the More Island Marines, who meet the U.S.C. Trojans at Washington Park today, will be seen in action on New Year's Day in Pasadena was the definite announcement made last night by the Tournament of Roses Football Committee.

At present the committee is endeavoring to secure Ohio State as the team to oppose the Marines. During the past week both Pittsburgh and Michigan have turned down offers from the Tournament of Roses people because of faculty objection to post-season games.

In case Ohio State refuses the offer, Washington State College will be given next chance for the trip, according to officials of the Football Committee. The appointment of the Marines was made public yesterday immediately after the committee received a communication from Josephus Daniels, Secretary of the Navy, granting official permission for the seamen to participate.

With very few exceptions the Marines hail from northern colleges that are noted for football quality. From the University of Oregon come Mitchell, left end; Beckett, left tackle; Hall, right guard; Bailey, right tackle, and full-back Hollis Huntington. Cushman, the center, absorbed his knowledge at the University of Washington, while Brown, the quarterback, is from Washington State College. Other institutions represented are Occidental College, by Stan Riederhoff, left guard; the University of Nebraska, by right end Hobson; University of Utah, by right half Gardner; and the University of Montana by left half Mohten.

The line-up:
U.S.C. Trojans:
Campbell (215), center; Brown (180), quarterback; Riederhoff (180), left guard; Gardner (180), right guard; Mohten (180), left half; Hobson (180), right end; Beckett (180), left tackle; Hall (180), right tackle; Bailey (180), full-back; Huntington (180), full-back.

Tigers and Sagehens Settle Annual Scrap.

Weight and Dope Seem to Favor the Up-country Squad.

THE momentous question of football supremacy between the Occidental College Tigers and the Pomona Sagehens will be settled for another year on Alumni Field, Claremont, today.

Reports from the secluded camp of the Sagehens favor of confidence and an easy victory, while the Tigers themselves state that Pomona is without the ghost of a chance for victory. Since the Southern California Conference title hangs upon the result of today's fray, both institutions are widely excited and even the most sedate faculty members have not slept a wink all week. Last night both temples of learning held bonfire rallies to keep up their nerve of their constituency and tune their whistles for the fray.

When it comes to statistics, the Sagehens have a rather decided advantage as to weight, averaging fourteen pounds heavier to the man than the Tigers, exactly the difference between the left of the More Island Marines and U.S.C. The Occidentals figure in at 147 pounds apiece, while the Claremont figure in at 151.

However, the Tigers claim to cherish no fear of beef and are sure they will come out on the best end of the score. "Everyone is in good shape and if we lose there will be no alibi," was the classic statement given to the press last night by Coach "Rhino" Rinschmidt of Occidental.

Since the Tigers have had it all their own way for the past two years, Pomona declares who is all primed to even up past humiliations. The Sagehens are a heavy bunch and play a smashing brand of ball.

Advised received from Pomona last night stated that people are flocking to the sagebrush town from all parts of the State to witness today's encounter.

The line-up:
Occidental:
Rinschmidt (170), center; Rinschmidt (170), quarterback; Rinschmidt (170), left guard; Rinschmidt (170), right guard; Rinschmidt (170), left half; Rinschmidt (170), right end; Rinschmidt (170), left tackle; Rinschmidt (170), right tackle; Rinschmidt (170), full-back; Rinschmidt (170), full-back.

SAN FRANCISCO, Nov. 23.—Frank Garcia of the Los Angeles Athletic Club knocked out the national amateur featherweight champion, Jack Tomassola of New York, fighting under United States Navy colors. Garcia gained a lead over the champion in the first two rounds by cautious fighting. In the third and last round two rights to the jaw sent Tomassola to the mat. The referee then stopped the bout.

Other national champions defeated their opponents in the finals of the two-day international championship tournament held under the auspices of the San Francisco Olympic Club as a benefit for the Red Cross. James Brenton of Los Angeles won the Coast championship in the bantam class from Charles Pica of Victoria, B. C. Result in the finals was as follows:

Lightweight, 125 pounds.—Lest Earl Baird, U.S.A., national "special" champion, defeated Sam Eckstein of the Olympic Club on a decision.

Middleweight, 155 pounds.—Eugene Broussaud, Montreal, Canadian champion, knocked out Jack Barkley of the Olympic Club in the second round.

Bantamweight, 105 pounds.—James Brenton, Los Angeles Athletic Club, won the Pacific Coast championship from Charles Pica, Victoria, B. C., on a decision.

Golf Association Sets Dates for Tournaments.

BY ALMA WHITAKER.

THE golf association met in solemn conclave at the California Club yesterday and gave the occasion a patriotic flavor to the extent that it was voted that all invitation tournaments this season be made Red Cross benefit events and the entrance fee of \$1 from all players go to the good cause.

The Los Angeles Country Club gets the Southern California championship this year, which is to be played on April 17, 18, 19 and 20. Midweek golf, the supplementary event for May 18, and the professional tournament is set for March 17 and 18, but no place designated.

Invitation tournament dates were settled as follows:

San Gabriel, January 9, 10, 11, 12; Altadena, January 23, 24, 25; Victoria, February 23, 24, 25; Annandale, March 6, 7, 8, 9; Midweek, March 27, 28, 29; Orange, April 6, 7, 8, 9.

Other clubs will fix their invitation dates later. Prizes this year are to be strictly national, but to exceed \$5 in value, and to be known as Liberty Prizes. When one remembers that the cups for these tournaments used to run into thousands of dollars, this is certainly a Hooverish resolution par excellence.

Officers for the ensuing year: E. R. Tufts, Los Angeles Country Club, president; Capt. W. R. Wharton, San Gabriel Valley Country Club, vice-president; A. H. Braly, Annandale Golf Club, vice-president; E. H. Bagby, Los Angeles Country Club, secretary-treasurer.

Executive Committee for 1917-1918: Altadena, N. W. Hamilton; Annandale, L. McDonald; Brentwood, Thomas McCall; Coronado, William Harper; Huntington (to be filled); Indian Hill, J. S. Aborn; Loma, B. M. Heston; Los Angeles, J. Cash, Jr.; Midweek, W. K. Jewett; Orange, P. B. Browning; Point Loma, Robert Vroom; Redlands, O. H. Hicks; San Gabriel, George T. Cline; Santa Barbara, Wolcott Tuckerman; Victoria, De Witt Hinchings; Virginia, William Campbell.

The Women's Committee includes: Altadena, Mrs. M. E. Hart; Brentwood, Mrs. Frank Kogley; Annandale, Mrs. Herman Henneberger; Coronado, Mrs. Luther Kennett; Huntington (to be filled); Loma, Mrs. Frank Griffith; Midweek, Mrs. Guy Cochran; Orange, Mrs. Violet Twist; Indian Hill, Mrs. Martin Aborn; Point Loma, Mrs. Irene Cobb; Redlands, Mrs. D. C. Lefferts; San Gabriel, Mrs. A. Perley; Santa Barbara, (to be filled); Victoria, Mrs. J. L. McEneaney; Virginia, Mrs. A. C. Holliday.

The sixteen clubs of the association are: Altadena Country Club, Annandale Golf Club, Brentwood Country Club, Coronado Country Club, Huntington Country Club, Indian Hill Golf Club, La Cumbre Golf and Country Club, Los Angeles Country Club, Midweek Country Club, Orange Country Club, Point Loma Golf Club, Redlands Country Club, San Gabriel Valley Country Club, Santa Barbara Country Club, Victoria Country Club, and Virginia Country Club.

Straphangers Blow Up in the Second Quarter.

Manual Team Roms Over Opponents in the Second Half.

BY LEEFSON BOWEN.

FROM the ankles to the ears there was little to choose between the L.A. and M.A. football teams yesterday. But south from the ankles and north from the ears Manual had a margin of 43 points. The strain of hitting to and from the car line and wondering if they were lost has manifestly weakened the feet and minds of the Commuters.

For about twenty minutes it looked very much as though the Straphangers were going to put one over on the Manual team. The Blue and White squad was hammering away on off-tackle backs and an adherence to this plan of action might have given the game a different flavor, but touches of temporary inanity were followed by the complete collapse of the Straphangers on both offense and defense.

Along about the middle of the second quarter, one T. Taylor, of the Commuters, allowed himself to be caught some fifteen yards behind the line of scrimmage on the fourth down, and the ball passed into Manual's possession on the L.A. 39 yard line. Along with the ball went the Straphangers' goat, and the game really ended right there.

On the first play following this painful mishap, Rolly Smith scampered around left end for a touchdown. Amor Gallagher, who had been his little afternoon of kicking goals, Manual kicked off to L.A. and the demoralized Straphangers, who had been so confident of victory, were left to wonder what had happened to them.

The half soon ended, and still Manual had shown no marked superiority. The individual work of Gallagher and Smith in making their way up in general, and the brilliant effort, but the Purple squad had shown no ability to consistently gain. They still seemed to be a chance that the off-tackle backs of the

WHAT AMERICA MUST DO

In the Face of Russian Anarchy and Italian Reverses

Germany will be defeated by France, Great Britain, and the United States, and at the last, the lion's share of the task will belong to the United States. This opinion, advanced by many competent observers since Russia's lapse into anarchy and Italy's staggering reverses, is accepted by the press in all parts of the land in a spirit of quiet and unflinching resolution. "We have drawn the sword and we might as well throw away the scabbard," exclaims the Chicago Herald, "for it is to be a fight to a finish and German successes in Russia and Italy indicate that the struggle may be prolonged."

The only German drive that the Allies have reason really to fear, many of our papers declare, is the coming drive for peace terms that will leave Germany secure in the possession of her present absolute control over middle Europe, and which will doubtless find expression through various pacifist outlets in America. "What I am opposed to is not the feeling of the pacifists," says President Wilson, "but their stupidity. My heart is with them but my mind has a contempt for them. I want peace, but I know how to get it and they do not."

The leading article in THE LITERARY DIGEST for November 24th, deals with the present war crisis and it throws a flood of light upon the subject that is stirring the soul of America. Other important topics covered in this number of "The Digest" are:

"Digest" Readers Acclaim Its Worth from All Quarters of the Globe

From the steaming jungles of Senegal, the fertile plains of the Argentine, the temple shades of Japan, the task forests of Burma, the coco-palms of Hawaii, the blue-gum groves of Australia, and the far-flung acres of Saskatchewan, a single mail recently brought to the editors of THE LITERARY DIGEST a sheaf of letters telling of the writers' gratitude for the opportunity afforded by this most comprehensive of news-recorders of keeping posted on all the great events

of the day. Other letters tell how it keeps the prospectors in a far-western mining camp in touch with the world's affairs and how it is passed eagerly from hand to hand by the "Tommys" and "Sammys" in the trenches on the Somme. Wherever men gather together it is read from cover to cover for its crisp, condensed, and wholly impartial summaries of current happenings. It is cosmopolitan in its scope and universal in its sympathies. To read it is to become a citizen of the world.

AERO CONCERN SEEKING LAND.

Threaten to go East Unless the Inducements are Made.

New Location is Sought by Wright-Martin Factory.

Plant is Rushed with Orders for the Government.

Los Angeles or some other town in Southern California must supply the Wright-Martin Aircraft Corporation with \$200,000 worth of land, buildings, or equipment, that concern will transfer its airplane manufacturing plant to New Brunswick, N. J., according to an announcement made last evening by A. A. Woodruff, representative of George H. Houston, vice-president and general manager of the company, who arrived here yesterday.

Mr. Woodruff said that the Wright-Martin concern has reached the point where it is either going ahead or going out. The company, he said, does not seek money, is not offering stock, but it does want the stimulus or business men of this section to support the company and show that there is a little interest in Southern California for big business.

"Our present plant is inadequate to handle our pending contracts," declared Mr. Woodruff at the Alexandria Hotel last evening. "In order to swing the business that we are signing up for the United States government alone, we need a plant with at least two miles of 100,000 square feet per unit and a plant with a labor capacity of at least 100 men."

"Our concern here is incorporated for \$200,000 and we want to increase this to \$500,000. The difference, we hope, will be made up by local interests who will advance the other \$300,000 in form of land, buildings or equipment."

"California is the ideal place for airplane building. We must have dry air for the proper treatment of wood, especially propeller blades and even the steel must be of a certain consistency in order to pass the government inspection. These conditions prevail in Southern California."

"We will complete our government order for fifty airplanes on January 1, and after that we have an order for 500 airplanes for the United States. We cannot begin to turn out these planes in our present Los Angeles location. The conditions under which we now work are impossible. We are cramped in small quarters, and have eleven guards on duty on the roof to protect us from destruction. The government has guards of their own, and we must have a larger quarters, more space and additional equipment."

FIGHT IS ENDED.

Will that Three of Five Sisters May be Secured Through Duress is Admitted to Probable.

The will of Andrew J. Robinson, which three of his daughters sought to set aside on the ground of undue influence and unconsciousness of mind on the part of the father, was admitted to probate by Judge Valentine yesterday.

Mr. Robinson made the sole beneficiary of his \$10,000 estate, two of his five daughters. He stated that he had advanced to the other three sufficient money to warrant him in leaving them any part of his property. Judge Valentine found that Mr. Robinson was of sound mind and that he had not been influenced at the time he executed his will.

RUSH RECRUITING OF NEW GUARD COMPANY.

Co. A, California National Guard, which was to have been mustered in to militia service last night, cannot be mustered in until the membership has been increased from 45 to 100 men, according to a telegram from Adj. Gen. J. J. Burpee to Capt. James Irvine, the organizer.

In order to secure the required number of men without delay, the members of the organization are going to conduct a campaign on the streets of the city tonight. An armored car and a motor truck with buglers will parade the streets. Aviator J. Robinson Hall will speak from the truck.

Headquarters at No. 602 South Spring street will be open, with Capt. Irvine in charge. Men between the ages of 18 and 45 years will be accepted for service. The company is now drilling at the Army twice a week.

Vast Industry.

realizes that our men will be more efficient if they can get homes close to their work, but we are not in the house-building business. Nobody can lose if San Pedro property owners build homes for their men, unless it be the Pacific Electric, which is running about fifteen special cars a day to take the men to and from our plant."

HOMES FOR MEN.

Following Mr. Baker's talk, a committee of five, of which Mr. Baker is chairman, was appointed to see what can be done to provide homes for the men. One of the first steps will be to see if the city can be made more attractive to the men. Another will be to see if the city can be made more attractive to the men. There are hundreds of these close in lots on paved streets with sewers, water and lights that are available for improvement, but most of them are held by non-resident owners in Southern California and elsewhere, who bought for speculation, with no intention of improving them. Many of these lots can now be bought for about half what they sold for ten years ago, but then they are being asked for much of property outside the city without public service connections, sold by the speculators.

Aroused by the need of homes, the San Pedro Chamber of Commerce has taken the matter up, and is turning the tide toward legitimate investment in inside property that is now available for improvement.

OFFERS TO COMPROMISE.

Samuel Goldfarb Makes Offer to Collector in Whiskey War Tax Case.

Samuel Goldfarb, proprietor of the Los Angeles Winery on the San Fernando road, under bond of \$5000 on a charge of evading the whiskey tax under the emergency war levy, has made an offer of compromise to Collector of Internal Revenue Carter. Under the law he is entitled to do this, and it has been the intention of the government to accept it if the terms are satisfactory. Whether the amount of cash and other considerations offered by Goldfarb will be satisfactory to the officials of the Treasury Department remains to be seen. There will be several hundred dollars involved in the proposition.

If Goldfarb goes to trial he may be fined \$5000 and imprisoned not more than five years, if found guilty by a jury. The details of the compromise, if effected, will be determined in a day or two.

ASK BORDER CLOSING.

The California Loyal League, of which Maj. A. P. Judson is local chairman, has sent to Robert Lansing, Secretary of State, a communication in which the league insistently demands that the border between this country and Mexico be closed at once in order to remove from the troops who are stationed at Camp Kearny the temptation to gamble and indulge in amusements injurious to their health. The Tia Juana race track and the accompanying sports are branded as a menace to our army camps.

FIREMEN PRAISED.

The Fire Commission yesterday adopted resolutions strongly commending the members of the fire department who invested in the second issue of Liberty Bonds. The firemen purchased \$12,600 worth. Acting Chief O'Donnell bought \$5000 worth.

DON'T DUPE GOVERNMENT.

Agents of the Department of Justice took custody yesterday of George A. Dupes, who registered for military service at Bay Point, Contra Costa county, on June 5, and has been dodging them who the authorities say ever since. It is said he refused to report for medical examination, and after being certified for military duty, left that part of the country and came to Los Angeles. Dupes is in the County Jail.

TEACHERS MAY SPLIT DISTRICT.

Planned to Divide Southern California in Two.

City as One Part and Rest of Section the Other.

Convention Next Month will Bring Many Here.

Educators throughout the southern division of the California Teachers' Association are much interested in a meeting to be held at noon today at No. 228 South Broadway, when the matter of subdividing this district, making the city of Los Angeles separate, will be discussed. The meeting, which will be in the form of a luncheon, will be presided over by G. Vernon Bennett, superintendent of the Pomona schools.

Camp Kearny.

set up a barrage of bullets, which technically means laying it on thick. David L. Glass, a private in the One Hundred and Sixtieth Supply Company, died last night at the camp hospital. He had been ill of pneumonia for several days. Private Glass lived in Vallejo and the body has been shipped to that point.

Applications by the soldiers to the government for allotments of money to dependents, which are now being made, has given rise to some queer situations. For one thing, the United States soon may be supplying money for the maintenance of dependents who are living in Austria and Germany, and who are subjects of those countries. In the ranks of the National Army are to be found Germans and Austrians who had taken out their first papers, and who on enlisting automatically became citizens of the United States. The families of some of them are still in those countries, and they are fighting to join their bread winners here who had not the war intervened.

These men are eager to see the Kaiser overthrown, and are fighting to get allowances to their families. However, they are having difficulty in getting money to these dependents, which may prove insurmountable in the case of those living in Germany.

GIVE ALL HAVE HONOR.

Lieut. T. H. A. Tiedemann, a former Los Angeles insurance man, in charge of this department, is in danger of being buried alive under an avalanche of applications from enlisted men. Between the lines of every application must be read some sort of a story. They run the human gamut, from humor to domestic tragedies of the deepest pathos.

Officers for the first time are learning the sentimental status of their men. You who are living in comfort and on the fat of the land would become livid with shame if you could see some of the sacrifices being made for a story. They run the human gamut, from humor to domestic tragedies of the deepest pathos. Officers for the first time are learning the sentimental status of their men. TEACHERS' CONFERENCE.

Teachers are planning already for the meetings of the California Teachers' Association (southern section) and the Los Angeles county teachers' institute, which will be held in this city December 12 to 15. Among the subjects that have been suggested by superintendents and chairmen of sections for discussion during the convention are: "Racial Education," "The Problem of the Non-English-Speaking Foreigners," "Relation Between the United States and the Latin-American Republics," "Unit System and School Finance," "Standardization of Courses of Study," "Vocational and Moral Guidance," "Methods of Teaching Subjects," "Instruction," "Study circles, round-table conferences and section meetings will occupy a prominent place in the program."

The following partial list of speakers was given out yesterday by Secretary Wilson: Dean Shaffer, Prof. Walter Sargent, University of Chicago; President John R. Kirk, State Normal School, Kirksville, Mo.; Dr. Caroline Hedder, Chicago; Prof. C. E. Seashore, University of Iowa; Dr. A. R. Wipshup, Boston, Mass.; President Aurelia H. Rheinhardt, Mills College, Oakland; Prof. E. R. Culler, Stanford University; Dr. Alfred Noyes, Pasadena, Cal.; President Elias Evans, Occidental College, Los Angeles; Prof. W. A. Cooper, Stanford University; Prof. Jessica Pickett, University of California; Mr. Vance Thompson, Hollywood, Cal.; Prof. Edward Kreibiel, Stanford University; Prof. C. E. Moore, president State Normal School, Los Angeles; Mrs. Margaret Schallenger McNaught, commissioner elementary education, Sacramento; Dr. Edwin R. Snyder, commissioner vocational education, Sacramento; and Prof. Clark W. Hetherington, supervisor physical education, Sacramento.

OFFICIAL HEADQUARTERS.

Official headquarters for the convention will be opened at the Hotel Clark, where an information bureau also will be maintained and where out-of-town teachers may register.

FILES BANKRUPTCY PETITION.

Charles L. Hyde, a contractor of San Diego, filed a petition in bankruptcy in the United States District Court yesterday. His liabilities are scheduled at \$130,822.97, and his assets at \$900, of which \$800 is the value of two lots in San Diego. The most of the petitioner's liabilities arise out of his connection with the Cabrillo Terrace, Brundage and the C. L. Hyde Construction Company.

NO SUPERVISOR YET.

Gov. Stephens did not fill the vacancy on the Board of Supervisors yesterday. It had been expected that he would fill the vacancy, but he has not yet done so.

SETTLED.

One thing led to another until the separation. Mr. Gloyd brought suit for divorce through Attorneys John C. Stick and Arthur Keeler. Mrs. Gloyd employed Oscar Lawler, and the case was set for trial August 1st. The testimony was filled with charges of a "frame-up" and of two anonymous letters which Mrs. Gloyd received. Mrs. Gloyd testified that she detected his wife plotting with the housekeeper to get him in a compromising position. She said that she said to Mr. Gloyd that she did the plotting. Judge Judson, in granting the divorce to Mr. Gloyd, and denying Mrs. Gloyd, found that the alleged conspiracy was on the part of the defendant. He found that Mr. Gloyd wrote the anonymous letters, but that the facts on which they were based were true. He found that the letters did not constitute cruelty to her. He found that many of the allegations of cruelty in the complaint were untrue.

PUPS TOO MUCH FOR RICH MAN?

Comedy and Pathos Mingle in Alienation Suit.

Mrs. Bemis Tells of Alleged Acts of Rancher.

Pathos and comedy are combined in the trial of the alienation of affections and libel suits of Mrs. Florence Bemis against her father-in-law, H. G. Bemis, a wealthy rancher in Judah Shenk's court. The pathos is the spectacle of the young husband, Clyde Bemis, who has lost the sight of one eye, and the family doctor says, will lose the sight of the other. The comedy lies in the alleged negligence of the wealthy father-in-law, as described by the young wife. The libel suit is based on a letter the elder Bemis is said to have written to his daughter-in-law's brother, M. P. Presbey, in which he stated that she obtained goods at Los Angeles merchants by dishonest methods and had them charged to Clyde. Knowing that he can't pay for them, and would add worry to his other troubles. For this alleged false statement and for killing the love of her husband, Mrs. Bemis asks \$50,000 damages.

Mrs. Bemis asserted that her father-in-law had incited them to live on his ranch under a promise that it would be turned over to them subsequently. On the contrary, she alleged, he used this to obtain control over his son, whom she says he dominated, and to cause him to be dependent on him. His son's increasing affliction added to the expense of the young wife, and this, it is alleged, caused the father-in-law to be rather abrupt in his treatment of her.

She testified that he objected to her using a white tablecloth instead of a red one, because the latter was less expensive. He "kicked" also because she used salt instead of salt in sacks, on account of the expense. When Mr. Bemis gave his wife two puppy collie dogs on her birthday, the elder Bemis said the milk he required to feed them should go to the pigs. The son, however, "put one over" on the old man by marking "saw" on the check he gave to cover the price of the dogs. The fate of the pups distressed the wife. She said her father-in-law shot one and gave the other one away.

She felt annoyed when Mr. Bemis told his son that he (the father-in-law) did not appreciate anything she did. She also resented his implication that the harvest of the pups. The fate of the pups distressed the wife. She said her father-in-law shot one and gave the other one away.

DOING GUARD DUTY.

Took a side trip over to North Island, found, among others, Helms Schwartz and Lang Finn, well-known Los Angeles prize fighters, doing guard duty and ready to regulate a foreigner for a bare knuckle. They were under command of Corp. Ivan Kahn, another soldier who is clever with a gun.

Took a day off yesterday and got an eyeful of the bay and surrounding country while wearing out the soul and the seat of the pants. Although we personally failed to find any vice existing in San Diego, there, because Chief of Police McMullen has declared war on it. The fear seems to exist that there may be a party of the kind. The plan is to have a party squad meet questionable characters who disembark from trains and stages and send them back home. Wild women will not be permitted to follow the flag this far south.

SUBMIT BABY AS EXHIBIT.

Parade One-year-old Child Before Jury to Prove it Looks Like Father.

A year-old baby was an exhibit in a failure to provide case that was tried before a jury in Superior Judge William's court, yesterday. While it was being paraded before the jury the men were asked by Deputy District Attorney Powell to note the alleged resemblance between it and the defendant, John Zellenschack.

Miss Eva Cohn of No. 811 West Temple street, is the mother of the child. She says that Zellenschack has not contributed one cent towards its support, or have either, since its birth. Until recently Zellenschack has been in Arizona. Letters from the young man were introduced to show that Zellenschack admitted that he is the father of the child.

GRILL WITNESSES IN TRIAL OF PACIFISTS.

MAYOR OF EAGLE ROCK TELLS HOW PEACE LOVERS WERE ROUTED.

Grilling of witnesses of the prosecution by Defense Attorney Ryckman during the trial of the Rev. Floyd Harden, the Rev. Robert Whitaker and Harold R. Storey, three "Christian Pacifists" who are now being tried before Police Judge White on charges of disturbing the peace and of conducting unlawful assemblies, was the feature of the trial yesterday. The case was continued until Monday morning at 10 o'clock.

Detective Jack Finlinson was the chief witness yesterday and was the stand all day, excepting a short time during the afternoon, when J. R. France, Mayor of Eagle Rock, told about a patriotic demonstration in Eagle Rock when the pacifists were refused permission to conduct a meeting.

Several times yesterday Justice White had to threaten to clear the courtroom of all spectators because of the continued excitement caused by the reading of a mass of papers taken from the defendants when they were arrested. Detectives Finlinson, Leeseville and others, under the direction of Serg. Hackett, took the three pacifists into custody October 1, in the Douglas Building at Third and Spring streets, where they were attempting to conduct a meeting.
